

# One More Hour

Sleater-Kinney

In one more hour I will be gone  
In one more hour I'll leave this room  
The dress you wore, the pretty shoes  
Are things I left behind for you

Oh, you've got the darkest eyes  
Oh, you've got the darkest eyes

(I needed it)  
I know, I know, I know  
(Oh, I needed it)  
It's so hard for you to let it go  
(Needed it)  
I know, I know, I know  
(Oh, I needed it)  
Never want to let it, let it go

If you could talk what would you say?  
For you thing were just night and day  
Take off the dress, take off the face  
I'll hold you close before I leave

Oh, you've got the darkest eyes  
Oh, you've got the darkest eyes

(I needed it)  
I know, I know, I know  
(Oh, I needed it)  
It's so hard for you to let it go  
(Needed it)  
I know, I know, I know  
(Oh, I needed it)  
Never want to let it, let it go

(I needed it)  
I know, I know, I know  
(Oh, I needed it)  
It's so hard for you to let you to say goodbye  
(Needed it)  
I know, I know, I know  
(Oh, I needed it)  
Need a little bit with a little more time

Don't say another word about the other girl  
Don't say another word about the other girl

(I needed it)  
I know, I know, I know  
(Oh, I needed it)  
It's so hard for you to let it go  
(Needed it)  
I know, I know, I know  
(Oh, I needed it)  
Never want to let it, let it go
