

# You're No Rock n' Roll Fun

Sleater-Kinney

You're no Rock 'n' Roll fun  
Like a party that's over  
Before it's begun  
You're no walk in the park  
More like a shot in the dark  
With clues left for no one

And all the boys in the band  
Know how to get down  
Fill our Christmas socks  
With whiskey drinks and chocolate bars

And when the evening ends we won't  
Be thinking of you then  
Although the best man  
Won't hang out with the girl band

You're no Rock 'n' Roll fun  
Like a piece of art  
That no one can touch  
Your head is always up in the clouds  
Writing your songs  
Won't you ever come down?

And all the boys in the band  
Know how to get down  
Fill our Christmas socks  
With whiskey drinks and chocolate bars

And when the evening ends we won't  
Be thinking of you then  
Even if your song  
Is playing on the jukebox

You wanna party with the lights on  
Come on, I like it dark  
You always wanna hear the same old song  
Come on play another song

You're no Rock 'n' Roll fun
