

## Far And Wide

Sleeper Agent

As a girl I kissed them  
My heart a telephone  
Such noise to listen  
Too many sounds

(So I let go)  
I think I feel it  
(I let go)  
Like wild children  
(I lay low)  
Misplaced a million miles from home  
And so fine, I feel  
Far and Wide

Unravel and revel

And this lust was built in  
Straight into my bones  
No need resist it  
It's a drag

(So I let go)  
I think I feel it  
(I let go)  
Like wild children  
(I lay low)  
Misplaced a million miles from home  
And so fine, I feel  
Far and Wide

Unravel and revel

So fine, I feel  
Far and wide
