

## In The Embers

Sleeping at Last

We live and we die  
Like fireworks  
Our legacies hide  
In the embers  
May our stories catch fire  
And burn bright enough  
To catch God's eye

We live and we die

Like fireworks  
We pull apart the dark  
Compete against the stars  
With all of our hearts  
Till our temporary brilliance turns to ash  
We pull apart the darkness while we can

May we live and die  
A valorous life  
May we write it all down  
In cursive light  
So we pray we were made  
In the image of a figure eight

May we live and die

Like fireworks  
We pull apart the dark  
Compete against the stars  
With all of our hearts  
Till our temporary brilliance turns to ash  
We pull apart the darkness while we can

Like fireworks  
We pull apart the dark  
Compete against the stars  
With all of our hearts  
Till our temporary brilliance turns to ash  
We pull apart the darkness while we can
