

# Blame It On The Holy Rollers

Sleeping Giant

Don't you Judge Me  
Don't you dare  
One day I'll stand  
before a just God  
Will you be there?  
Or will your false,  
your short sighted views  
they hold you back  
they hold you back from real truth

All  
your views leave you  
hostage,  
from love,  
from the real truth.  
your held  
from the real truth  
Held Hostage!

Don't point your finger  
like I'm the fake  
You let me in  
this room that was  
your  
mistake

All  
your views leave you  
hostage,  
from love,  
from the real truth.  
your held  
from the real truth  
Held Hostage!

Don't you Judge Me  
Don't you dare  
One day I'll stand  
before a just God  
Will you be there?  
Or will your false,  
your short sighted views
