

## Covenant

## Sleeping Giant

Though this pain life's reality  
You're by my side  
its right where the lord says  
you oughta be

Your heart is mine  
covenant  
Your heart is mine  
never forget

Though all this pain is my reality  
I'm by your side  
it's right where I feel  
my honored destiny

I'm by your side

A word of truth in my spirit  
and I ask you take part  
Not just an oath  
something I break  
I'd no sooner split my own heart  
Father  
Preserve us

Your Heart is Mine  
Covenant  
Your Heart is My Heart  
Never Forget
