## **The Strays**

## **Sleeping with Sirens**

Hubcaps and ashtrays I was born but I wasn't raised The big wheel the black space Tried my best but wasn't praised

Hell is so close to Heaven Hell is so close to Heaven

Hold on, don't look back You know we're better we're better than that Lost and thrown away You know we're better we're better than that

We are the strays (woah oh oh) We are the strays

Train tracks to the stage Play that role, the one you made Long nights and the worst days Lived it all, but I didn't break

Hell is so close to Heaven Hell is so close to Heaven

Hold on, don't look back You know we're better we're better than that Lost and thrown away You know we're better we're better than that

We are the strays (woah oh oh) We are the strays

My whole life they said I'd be nothing Well I'm something And I would rather be the stray Than be nothing to no one at all

Hubcaps and ashtrays I was born but wasn't raised

Hold on, don't look back You know we're better we're better than that Lost and thrown away You know we're better we're better than that

Cause we are the strays (woah oh oh) We are the strays
