

Sing Like a Wire

Sleigh Bells

Static in the sentence, static in the dirt
Something like a hunter, shaking, I go wild
Burn your body, I can see your burning fire
I sing everything

Sing like a wire
Sing like a wire

Sit for a while, you can sit beside the fire
Dreamed I was a hunter with a never ending thirst
By the middle of July you were buried in the dirt
Looking in the dark, saying your goodbyes
Looking in the dark, saying your goodbyes
We sing everything

Sing like a wire
Sing like a wire

Blaze it down in the mix
Let me hear all the kicks
Blaze it down in the mix
Let me hear all the kicks
Blaze it down in the mix
Let me hear all the kicks
Blaze it down in the mix

(4x)

Sing like a wire
Sing like a wire
