

Torn Clean

Sleigh Bells

Torn clean, ooh, torn clean

Just like we're running please downhill

Spring clean believe

I love you, striptease, please me

Get beneath me or above me

I love both, all of it, everything

Damn, I love these in front of me

It's all in front of me

It's so breezy

It's so easy

Get beneath me or above me

I love both, all of it, everything
