

I'll Be Loving You

Slick Rick

Seems like yesterday
We used to rock the post
Makin love in the sheets
Like a ghost
Kissin and touchin
And holdin ya close
Kimberly Caire
You've got to know that
Love aint always
What it seems to be
Words can't express
What you mean to me
Even though you're gone
We're still a team
Through ya family
I'll forfill your dreams
In the future
Can't wait to see
If you open up
Your heart to me
Reminis some time
When they took ya Kim
'Try to black it out
But it plays again
When these tears
Are hard to concil
Can't imagine
All the pain I feel
Give anything
To hear half ya breathe
'cause I know that I'll still love you
'Till my death

Every breath you take
Every move you make
Every single day
Every bond you break
I'll be loving you
It's kinda hard
When your not around
To know your at yor window
Looking down
Believe me, girl
I cry for you
Every night
I cry for you
When these tears
Are hard to concil
Can't imagine
All the pain I feel
Give anything
To hear half ya breathe
'cause I know that I'll still love you
'Till my death
