

Walk Out

Slick Shoes

You cannot break me,
How far this takes me.
My mind is racing as I play this song.
Will you walkout?
This song is played out.
This thing I'm facing will not go quietly.
Place to place,
I see you face,
Keep me centered now.
Need some sleep,
Your song I keep deep within my heart.
Tomorrow's at stake,
But this show won't make my love wander from my promises.
I feel better now, and I will carry this song until we are done
.
Home now, nothing's better.
With you forever, it doesn't seem long enough.
