

## Walk Out

Slick Shoes

You cannot break me,  
How far this takes me.  
My mind is racing as I play this song.  
Will you walkout?  
This song is played out.  
This thing I'm facing will not go quietly.  
Place to place,  
I see you face,  
Keep me centered now.  
Need some sleep,  
Your song I keep deep within my heart.  
Tomorrow's at stake,  
But this show won't make my love wander from my promises.  
I feel better now, and I will carry this song until we are done  
.  
Home now, nothing's better.  
With you forever, it doesn't seem long enough.
