

# The Right Time

Slightly Stoopid

But when the right time come  
And it go now  
Say when the right time come  
And it go now  
Say when the right time come down  
And it go now  
(naughty dreadlocks who murder yeah)  
Say when the right time come down  
And it go now  
(naughty dreadlocks who murder yeah)  
They say now  
Who's gonna run the  
Who's gonna run the  
Who's gonna run the dancehall tonite  
Whoa no  
Wicked man come tellin' me that you're  
Who's gonna make ya  
Who's gonna make ya  
Who's gonna make ya  
Feel alright  
He's got that reggae fever  
Say call the doctor tonight  
Whoa no  
He's got that reggae fever  
Make everybody feel right  
But when the right time come  
And it go now  
(naughty dreadlocks who murder yeah)  
But when the right time come  
And it go now  
(naughty dreadlocks who murder yeah)  
Say when the right time come come come  
Say when the right time come down  
And it go now  
But he wanna call the doctor for me  
But yes this is a case of emergency  
You know it costs all of you yes money  
But if you've got a fat spliff  
Then come share it with me  
But he's got that reggae fever
