

## A Friend Indeed

Slim Dusty

If you will open your heart to a friend who is in need  
Reach out your hand with a smile you'll be playing the part  
Of a true friend indeed you'll be remembered  
With love all the while.

(With love all the while)

A trouble shared can often be a trouble set apart  
A helping hand can mean so much to a heaven laden heart  
If you will open your heart to a friend who is in need  
You'll be remembered as a dear friend indeed.

(A dear friend indeed)

A trouble shared can often be a trouble set aside  
A helping hand can mean so much when you're on the downward ride

If you will open your heart to a friend who is in need  
You'll be remembered as a dear friend indeed.

(A friend indeed)
