

## Man From The Never Never

Slim Dusty

My legs are kind of bowed from horses that I've rode  
Through the salt bush and the sand  
I've got that rock'n'rollin' beat from this rollin' saddle seat  
Because I live in the Never Never Land  
I've never travelled out to all your high class towns  
Because I'm right just where I am  
Our town's a pub and general store, what's the use of any more  
Away out in the Never Never Land
