Man From The Never Never

Slim Dusty

My legs are kind of bowed from horses that I've rode Through the salt bush and the sand I've got that rock'n'rollin' beat from this rollin' saddle seat Because I live in the Never Never Land I've never travelled out to all your high class towns Because I'm right just where I am Our town's a pub and general store, what's the use of any more Away out in the Never Never Land
