

## Walk A Country Mile

Slim Dusty

Well I've walked a mile or two-oo in my lifetime  
And I've travelled down some muddy tracks and dry  
'Cause if I wanted to get where I was go-oin'  
I knew I'd just have to walk that country mile

Now a country mile would be the longest distance  
A man could ever travel when he's down  
And you curse the never ending road before you  
When you think you'll never make it into town

But you meet a friend or two along the highway  
And you'll learn a lot you never knew before  
And if the journey takes a lifetime  
When you thought a year or two  
Well you just don't give up easy anymore

And I've walked a mile or two-oo in my lifetime  
And I've travelled down some muddy tracks and dry  
'Cause if I wanted to get where I was go-oin'  
I knew I'd just have to walk that country mile

Walkin' that long mile has shown me changes  
Changes in the people and the land  
But I'll bet the road to Marble Bar's no better  
Than when I drove with trucks and caravans

And a country bloke is still the same old battler  
No matter what the place he's workin' in  
And although I've covered many miles  
I still can't wait to see  
What the next long country mile will bring

Well I've walked a mile or two-oo in my lifetime  
And I've travelled down some muddy tracks and dry  
'Cause if I wanted to get where I was go-oin'  
I knew I'd just have to walk that country mile  
Yes I knew I'd have to walk that country mile
