

Wonderin' And Worryin'

Slim Harpo

Wonderin' and worryin', will my baby change her mind
Wonderin' and worryin', will my baby change her mind
I can't make you love me baby, don't know why I keep on
tryin'
I love you baby, darlin' you just don't understand
I love you baby, darlin' you just don't understand
I'm in hope someday darlin', I can be your lovin' man
One thing baby, I want you to understand
One thing baby, I want you to understand
When you've mistreated me baby, you've misused your best
friend
