

# Last Muthafucka Breathing

Slim Thug

I'll be the last motherfucker breathing, fa sho, ha  
Slim Thug, Boss Hogg (we'll be the last motherfuckers breathing)  
Ha, all them hating ass niggas  
(We'll be the last motherfuckers breathing)  
Talk down all you want, but uh  
(I'll be the last motherfucker breathing), all them bitch ass niggas  
Hating on a nigga cause of what he got, cause of what he earned  
You know I'm saying (we'll be the last motherfuckers breathing)

It's getting deep, we bout to go to war in these streets  
You can't play and say you gon kill me, after we lost sleep  
I ain't taking no chances, we on deadly circumstances  
I just had to make sho, you cowards understand this  
I done ran out of passes, no mo' letting em make it  
They was rolling up the hate, so them niggas can take it  
All love lost, I'm tired of getting put in the cross  
A good guy gone bad, is what it's gon cost  
Big ass step before the sun up, I put that on my mama  
I'ma bring a bunch of pain, to every nigga bringing drama  
Motherfuckers try to do me, but they far from ready  
I do you niggas by myself, cause I'm raw and heavy  
And they use to be my main homies, I'm the one got change  
But they the ones, that changed on me  
I blame myself for fucking with phonies, I shoulda knew better  
You can't expect to get paid, if you ain't a go-getter  
I'm getting mine in a major way, on the grind  
Trying to find out, how much I can get paid today  
It's only one way for me, if I want it I'ma get it  
It ain't my fault you niggas got your chance, and bullshitted  
I'm a Boss Hogg Outlaw, you know what that mean  
A bunch of niggas on the same team, getting that green  
My click'll die for me, my click'll ride for me  
I promise every nigga, representing that love me  
It's gon get ugly, if I lose another one of my niggas  
Cause I won't sleep until I know you haters, dead in a river  
Put your vest on, nigga this is Outlaw season  
Everybody in my click, gon be the last motherfuckers breathing

Heated up at all times, behind tint when I'm creeping  
Who be the last motherfucker breathing  
Come with plex to the Boss, and your ass won't be leaving  
Who be the last motherfucker breathing  
Hide your chest with a vest, this is the Outlaw season  
Who be the last motherfucker breathing  
Down to bust all times, for any given reason  
Who be the last motherfucker breathing
