Slim Thug

I see the way she checkin' for a gangsta, I know that she like that,  
I know that she like that (she like that)  
The way them diamonds keep shinin' so fine, I know that she like that,  
I know that she like that (she like that)  
The way I keep it so hood, levin' in the wood, candy paint goin' for them photos kept 'em good,  
she like that, I know that she like that  
I know she like that, I got her coming right back  
She wanna be with a G, she on the right track  
Her eyes stuck on my chest with all that ice and  
Ain't never seen that much bling, she try'na price that  
She like my nice tatts and the way I keep it hood  
And how I stay and flip a candy lac grippin' wood  
Keep some smoke red eyes behind them Louie Locs  
A fresh set of vauxs' wrapped on them super pokes  
Stay in the hood but she know a nigga fuckin' broke  
Be on the block so much, she think I'm still sellin' dope  
If I was running for hood boss, I got a vote  
Them haters might keep hatin', but I gotta gloat
