He was once a thug from around the way

I represent the H and the bottom of the map  
And I was born and raised in the bottom of the trap  
The number one rule is ya gotta stay strapped  
Cause any giving minute you can take that long nap  
I roll with gorillas, dealers and the killers  
Cause when I'm on stage that's the only fool spillers  
Real Trill niggas, let me see ya hands  
But I do this for the streets, I ain't try'na make ya dance  
Roll solo, I don't need no friends  
Still flip that lac, I don't need no Benz  
And Harlem throwing money, I don't need no Zen's  
Matter fact I be back, I need more to spend  
She say she wanna

It's white-T, Nikes, when I hit the club  
They say I can't get in cause I'm dressed like a thug  
Fuck the dress code, we bout a hundred deep  
And they goin let it seen, or get they ass beat  
Boss Hogg Outlaws roll like the mob  
Errbody paid cause we stays on our job  
Drop in G-T a blessing from the Lord  
So haters don't be mad that we blame it on God  
I'm coming out hard, them other boys soft  
So I'm a hold it down for that H and the Nawf  
Brand new jewelry look what I brought  
Still running from the feds, I ain't never getting caught  
She say she wanna

Ya say ya man ain't fuckin' ya right  
Ya lonely and depression need a thug in ya life  
Well come on over here, I can feel ya appetite  
Take ya back to the crib and beat it all night  
She say she love a thug, cause Thugga beat it good  
Her man pay them bills, but Thugga keep it hood  
And I ain't gotta stare, that's already understood  
I take ya for a ride, you can slide on my wood  
I pick her up and shake her up and down like dice  
Sweet like cake make me wanna take a slice  
I ain't try'na take advantage, but take my advice  
Take a break from the fakes, get a thug in ya life  
She say she wanna
