Adored you from the start
Till break of morning dawn
Oh, I know I will see you again

The tail that wags the dog
And bites when you're not strong
But I know I will see you again

A sinner 's just a child
Only sweet things make him smile
Day and night are the same

I'll shake and I'll shout!
To get those demons out!
I know I will see you again!

Shiny billboards are:
No morning-after part
Yet, I know I will see you again

From the time the pouring starts
Till blackened inner parts
I know I will see you again
