

Gloria

Slim Wray

Let me tell you 'bout my baby
She come 'round here
She 'bout five feet four
From her head to the ground

I said she come 'round here
Just about midnight
She make me feel so good, Lord!
She make me feel alright

And her name is:
G L O R I A

Gloria!

I said she come 'round here
Just about midnight
She make me feel so good, Lord!
She make me feel alright

She come walking down my street
She come upon my house
She knock upon my door
She come into my room

And she makes me feel alright, alright!

Gloria!
