Slipknot

I'm cold, I'm ugly  
I'm always confused by everything  
I can stare into a thousand eyes  
But every smile hides a bold-faced lie

It itches, it seethes, it festers and breathes  
My heros are dead, they died in my head  
Thin out the herd, squeeze out the pain  
Something inside me has opened up again

Thoughts of me exemplified  
All the little flaws I have denied  
Forget today, forget whatever happened  
Everyday I see a little more of overall deficiencies  
I'm nothing short of being one complete catastrophe

What the hell - did I - do to deserve - all of this?

I save all the bullets from ignorant minds  
Your insults get stuck in my teeth as they grind  
Way past good taste, on our way to bad omens  
I decrease, while my symptoms increase

God what the fuck is wrong  
You act like you knew it all along  
Your timing sucks, your silence is a blessing

All I ever wanted out of you was  
Something you could never be  
Now take a real good look at  
What you've fucking done to me

What the hell - did I - do to deserve - all of this?

Gimme any reason why I'd need you, boy  
Gimme any reason not to fuck you up  
Gimme any reason why I'd need you, bitch  
Gimme any reason not to fuck you up

I see you in me

I keep my scars from prying eyes  
Incapable of ever knowing why  
Somebody breathe, I've got to have an answer

Why am I so fascinated by  
Bigger pictures, better things  
But I don't care what you think  
You'll never understand me

What the hell - did I - do to deserve - all of this?

Fuck!
