

# Gematria (The Killing Name)

Slipknot

12/08/73 - that was all I got and now you got me

All I ever really wanted was to take the blame  
I will go down in history and not down in flames  
Meningitis  
I will survive this  
Dry sockets and a schizophrenic crisis  
The time of the nine has begun  
Get out of the way or you will suffer as one

This is so typical, apocolyptical  
Hanging on abysmal release, Jesus  
I don't need this; don't wanna be this  
Icon in the making - my hands are fucking shaking

What if "God" doesn't care?  
What if "God" doesn't care...

Remember, surrender, the time is now  
Continue, we're in you...  
And we will burn your cities down

America is a killing name  
It doesn't feel or discriminate  
Life is just a killing field  
It's all that's left - nothing's real  
Throw away your disposable past  
and fall apart like a cigarette ash  
We are the fatal and vital ones of the world  
and we will burn your cities down

What if "God" doesn't care?  
What if "God" doesn't care?

America is a killing name  
It doesn't feel or discriminate  
Life is just a killing field  
It's all that's left - nothing's real  
Throw away your disposable past  
and fall apart like a cigarette ash  
We are the fatal and vital ones of the world  
and we will burn your cities down

Down...

We will burn your cities down

Feed the hungry - feed them shit!  
Feed them bones and politics!  
You wanna revolutionize?  
Be specific and believe your eyes!  
Start a war in another backyard  
And we'll destroy your house of cards!  
Give me a minute and I'll change your mind  
Give me a bullet and I'll change your life

Remember, surrender, the time is now

Continue, we're in you...  
And we will burn your cities down

America is a killing name  
It doesn't feel or discriminate  
Life is just a killing field  
It's all that's left - nothing's real  
Throw away your disposable past  
And fall apart like a cigarette ash  
We are the fatal and vital ones of the world  
And we will burn your cities down

We will burn your cities down

America... what if "God" doesn't care?
