

## Fade Away

Sloan

Trace patterns to see  
If we're just rewriting history  
The die it was cast long ago  
A carbon copy we could have been  
Buried under files that won't be seen  
The die it was cast long ago

Everybody seems content to fade away  
Ooo you got it, don't shut it away

Something once mattered to me  
But it's forgotten so conveniently  
Is it the end of the family line?  
A carbon copy I could have been  
Don't you know I never  
Settled for the in-between  
The die it was cast long ago

Everybody seems content to fade away  
Ooo you got it, don't shut it away  
Everybody seems content to fade away  
Ooo you got it, don't shut it away
