

# Glitter And Gold

Sloan

Girl, I know what he can give you  
Every single day you will be  
Wearin' Paris gowns and diamond rings  
There is nothing he can't buy you

And I can not tell a lie  
You know with me you'll never have those things  
Glitter and gold  
(Glitter and gold)

Never can keep you warm at night  
Glitter and gold  
(Glitter and gold)  
Never can make a wrong out right

Girl you're gonna find  
You'll have my sweet, sweet lovin' on your mind  
You'll be eatin' caviar  
And ridin' in a chauffeured car

And all your friends will say  
"How lucky can she be?"  
He'll be keepin' you in style  
But you'll remember all the while

The happiness you used to have with me  
Glitter and gold  
(Glitter and gold)  
Never can keep you warm at night

Glitter and gold  
(Glitter and gold)  
Never can make a wrong out right  
Girl you're gonna find

You'll have my sweet, sweet lovin' on your mind  
Glitter and gold  
(Glitter and gold)  
Never can make a wrong out right

Girl you're gonna find  
You'll have my sweet, sweet lovin' on your mind  
Glitter and gold  
(Glitter and gold)

Glitter and gold  
(Glitter and gold)  
Glitter and gold  
(Glitter and gold)

Glitter and gold
