

# I'm Not Through With You Yet

Sloan

She cried, "Bingo! You finally clued in!"  
I guess I never thought to look there  
What you took you can give back  
But I never kept track  
I guess I never thought I'd have to

And you wait, wait one cotton-pickin' moment  
Cause I'm not through with you yet  
And you wait, wait one cotton-pickin' moment  
Cause I'm not through with you yet

She closed her eyes and walked right past me  
She crossed her fingers and walked right through me  
Trying to make it to home base  
But I never keep pace  
I guess I'm always right behind her

And you wait, wait one cotton-pickin' moment  
Cause I'm not through with you yet  
Yeah you wait, wait one cotton-pickin' moment  
Cause I'm not through with you yet  
Because I'm not through with you yet  
Because I'm not through with you yet
