

# If I Could Change Your Mind

Sloan

Ooh, well you stopped then you said  
I doubt you'll change my mind  
Ooh-ooh-ooh, faithfully  
I'll rewrite every line

I do what I do  
Can't undo what I did  
I've never been refined  
But ooh-ooh-ooh, maybe  
If I could change your mind

It'd be a small step for mankind  
If these planets aligned

Ooh, this time I laughed when you said  
Easier sad than done  
Ooh-ooh-ooh, lately  
Sums up everyone  
Hey

So if this war is getting to you  
Let's join the fortunate few  
Ooh-ooh

Aah-aah-aah, baby  
I would like to remind  
You-ooh-ooh, baby  
If you're so inclined  
Aah-aah-aah, baby  
I could change your mind
