

Sound asleep
Asleep with the radio
Your favourite show

They play the song
The one that hits your heart
From the start

Hits your heart, from the start
Hits your heart, from the start

The melody
So sweet you want to die
Violently

Electric guitar
And a teenage superstar
In stereo

Superstar, in stereo
Superstar, in stereo
Superstar, in stereo
Superstar, in stereo

The perfect words
Sung by the perfect voice
It's the world to me

"I'm on your side"
Those were the sweetest words
You spoke to me

Sweetest words, spoke to me
Sweetest words, spoke to me
