

## She Says What She Means

Sloan

When in the world  
I'm gonna get it together  
I'm telling you girl  
I'm gonna make it all better

But I don't know how I'm going to  
'Cause I don't know what she is going through  
What I know is that's even mean for me  
'Cause she means what she says and she says what she means

What is the word  
It's like you don't even know me  
Haven't you heard  
This sort of thing is below me

But I don't know what I would stoop to  
Have you got another jump I could hoop through  
Now, I don't know if that's even meant for me  
'Cause she means what she says and she says what she means

When she says that I'm mean, does she mean what she says?

And she says what she means, and she means what she says  
And she says what she means, and she means what she says

Maybe I don't stay in touch much  
'Cause it makes me feel I'm goin' Dutch  
Oooo...  
Maybe I'm the sort who's sordid  
Yeah, but I won't be extorted  
Oooo...

Whenever you want me, whenever you need me  
I know that you're angry, you know that I'm sorry  
Well this situation has come back to haunt me

Whenever you need me, whenever you want me  
Whenever you want me, whenever you need me  
Whenever you want me, whenever you need me  
Whenever you want me
