

# I'll Be Damned

Slobberbone

Well I've seen you hanging around for awhile  
And I wish that you'd just go away  
Cause I've been stuck in this old town for awhile  
And this town has seen it's better days

And I'll be damned if I'll let you  
Be a part of some new start  
And make me lose my will to leave this place  
And I'll be damned if I'll let you  
Take my heart and tear it apart  
And make me watch the tears fall from your face

You can find me here each night, and I'll be drinking  
I'm trying to lose these blues and these woes  
Then you'll find me in the morning, and I'll be thinking  
Where did all of my money go?

But I'll be damned if I'll let you  
Pick me up and brush me off  
And give myself a reason to live  
And I'll be damned if I'll let you Take me in and be my friend  
And give me something all my money can't give

Guess I finally got my wish  
You've gone away  
I guess I've proven that I am a man  
But I know that I'll just go to shit in all my days  
And to this town will be damned I'll be damned

I'll be damned if I didn't let you  
Be a part of some new start  
And make me lose my will to leave this place  
And I'll be damned if I didn't let you  
You took my heart and tore it apart  
And made me watch the tears fall from your face
