

Happy

Slow Runner

I'm so happy
All of my people come on get happy
Diesel sunshine
The trees and the cars and the sagging phone lines

She put me out on the wire
On the wire
There's plenty of room on the wire
On the wire
On the wire

I'm so happy
All of my people come on get happy
Birds are singing
Like every bell in the town was ringing

She put me out on the wire
On the wire
There's plenty of room on the wire
On the wire
On the wire
