

## 40 Days

Slowdive

40 days and I miss you  
I'm so high that I've lost my mind  
It's the summer I'm thinking of  
40 days and I'm blown away

If I saw something new  
I guess I wouldn't worry  
If I saw something new  
I guess I wouldn't care

You said you're always sleeping  
But if so, I'll be leaving  
It's just that I'm always falling  
And it makes me feel bad, yeah

If I saw something new  
I guess I wouldn't worry  
If I saw something new  
I guess I wouldn't care

Just to try and watch you  
Said I love the way that you smile, don't  
Makes me try and watch you  
I said I love the way that you smile, don't

Smile whenever I watch you  
I said I love the way that you smile, don't  
Smile whenever I watch you  
I said I love the way that you smile
