

Machine Gun

Slowdive

See you walking and I know shes my friend, again
Just the weight of the water drags me down, again
Guess I'll think of the water its my friend, oh yea
It's just the way that the water makes me feel again

Son of Sheba I saw him drown
Son of yellow I saw him drown
It's all I need yeah

See you walking and I know shes my friend, again
Just the weight of the water drags me down, again
Guess I'll think of the water its my friend, oh yea
It's just the way that the water makes me feel again

Son of Sheba I saw him drown
Son of yellow I saw him drown
