It's the seven eighty-eight

DDT a, just like Jake The Snake

Actually, we don't participate

But if you do then I'ma see you at your Wake, (players)

Don't let the drama fluctuate, I don't want to, I gotta, because it's snakes

Now where would we be at, if we let you do that

We'd probably, be laying on our backs, (players)

Talkin this and that you on my, your plan yeah, it was wack

I never would play myself out like that

But, um, I guess that's where you at, (players)

(then I'ma play a game for ya)

What I'ma do is like uh

Cut out ya whole crew, cause ya crew likes to bite us

Y'all stick to free styling cause y'all ain't no writers

Trying to be some, (players) and can't play the game

See ya, sound the same, and ya claim to be something you ain't

And won't be without SV (that's right) y'all need to be smacked

Open hands and beat by these (players)

I could give a fuck about this shit

You all up in my face over some ho shit

Just come out

You want to be wit my click, you must know, really

How wild I get, when I walk in the place saying, (players) Yes!, Yes!

There's some people who really want to see the S

Personally, I could give a fuck less

Check ya lady, she's a groupie ho

Opening her coochie hole, fuck that ho, (players)

Eye to eye you and your crew

When you front, this its inspirational, you(echo)

Yo, Yo, you want to be some (players)

And can't play this game

Ya, sound the same, and ya claim to be something you ain't

And won't be without SV y'all need to be smacked

Open hands and beat by these (players)

Talking this and that you on my, your plan yeah, it was wack

I never would play myself out like that

But, um, I guess that's where you at (players)

For me to hold you up

You think I really give a fuck, you, you, you, you and your crew

Y'all just some (players)
