

All We Need Is Silence

Slut

Oh all we need is silence
A good working self defence
No need for conversation
None of their revelation
Don't want to know 'bout what you heard
Don't wanna hear a single word

Got me no need to stop it
I will stay misanthropic
If I had the decision
I would kill all musicians
We need to set the record straight
I ought to know it's very late

When will it ever be the same
When will we make it back to silence
Why must it end up in a typical way
When will we ever use our violence
I'm just a
I'm just a
I'm just a little bit upset

No more each-other-faking
faked polite handshaking
None of my bellyaching
Regular big-mistaking
Come on and look into those eyes
I got them covered up with lies

When will it ever be the same
When will we make it back to silence
Why must it end up in a typical way
When will we ever use our violence
I'm just a
I'm just a
I'm just a little bit upset

Oh all we need is silence
Yes all we need is silence
Oh all we need is silence
Yes all we need is silence
