

We're taught to sleep our own bed
and take a look at ourselves on the track
we're taught to walk in our own shoes
we're taught to get what we give as a gift and to never
give back

we're taught to stand on our own feet
become a million aire
we're taught to think economic
if we don't do it for money it's like we don't do it at
all

this is why i've fallen from out of the time
this is why i fell from the stars
this is why i look at the world through the eyes of a
child

they teach us how to deliver
at least one great expectations a day
and in case you stumble and shiver
they tell you how you must fight to survive on the
bright side of life

this is why i've fallen from out of this time
this is why i fell from the stars
this is why i look at the world through the eyes of a
child

it's only for safety meanings
until we're part of the cream of the crop
and as temporary bohemians
we celebrate but we're under control and we know when
we stop

if we don't do it for money it's like we don't do it at
all
