Iæ□| out of place now, just walked away now, alright... gimme back the choice to win again, gimme back the voice so I can sing along with them. Iæ□| out of trace now, lost my face now, alright... wore it out, I played along a bit, missed a hit. Iæ□| out of place now, walked away now, alright... peace is over... peace is over... peace is over... peace is over... peace is over
