

Cloudy Day

Slut

Welcome to this song
Listen close 'cause it's for you
I've been thinking of
And there is nothing I could do

I smile a loser's smile
Put my eyes down for a while
I've been soft and I've been weak
I move my hands and start to speak
For the first time

In the dark again
Forever caught within a lie
And not as safe as when
A cloudy day would let me die

Smile a loser's smile
Put my eyes down for a while
I've been soft and I've been weak
Move my hands and start to speak
You're a favourite girl
You're a favourite girl

A strange stain
An eternal child
Never sure but always shy
I'm going to take you for a ride
Through all the gardens where i hide
Far away from the crowd
Always silent
Never loud
Never able to be proud
Never allowed to let it out
A million thoughts within a year
Full of anger
Full of fear
I want to see what I have done for you

A strange stain
An eternal child
Never sure but always shy
I'm going to take you for a ride
Through all the gardens where i hide
Far away from the crowd
Always silent
Never loud
Never able to be proud
Never allowed to let it out
A million thoughts within a year
Full of anger
Full of fear
I want to see what I have done for you
For you
For you
