

## Cloudy Day

Slut

Welcome to this song  
Listen close 'cause it's for you  
I've been thinking of  
And there is nothing I could do

I smile a loser's smile  
Put my eyes down for a while  
I've been soft and I've been weak  
I move my hands and start to speak  
For the first time

In the dark again  
Forever caught within a lie  
And not as safe as when  
A cloudy day would let me die

Smile a loser's smile  
Put my eyes down for a while  
I've been soft and I've been weak  
Move my hands and start to speak  
You're a favourite girl  
You're a favourite girl

A strange stain  
An eternal child  
Never sure but always shy  
I'm going to take you for a ride  
Through all the gardens where i hide  
Far away from the crowd  
Always silent  
Never loud  
Never able to be proud  
Never allowed to let it out  
A million thoughts within a year  
Full of anger  
Full of fear  
I want to see what I have done for you

A strange stain  
An eternal child  
Never sure but always shy  
I'm going to take you for a ride  
Through all the gardens where i hide  
Far away from the crowd  
Always silent  
Never loud  
Never able to be proud  
Never allowed to let it out  
A million thoughts within a year  
Full of anger  
Full of fear  
I want to see what I have done for you  
For you  
For you
