

Hope

Slut

Hope that I can make it as it comes.
Hope that I can make it like the other ones.
Hope, I'm getting used to what I see.
Hope, I'm getting used and get in touch with what I feel.
Hope and wait to undergo,
What I just didn't want to know.
Hope, that I will never break and fade.
Hope, to show my face again
And get in touch with all of them.
Hope, that I will make it everyday...
Oh everyday...
I hope, that I can take away
A little piece of yesterday.
Hope, that I will never break away.
Hope to show my face again
And get in touch with you again.
Hope, that I will make it everyday...
Oh everyday...
Everyday...
Oh everyday...
Everyday...
