

No Flowers, Please

Slut

Got me a long long way down here
As far as I know
Think I was somebody else
Been going high, going nowhere
As far as I know
Still it's me to trick myself
Trick myself
To trick myself again
To trick myself

No flowers

Got me a long long way down here
Been part of the show
Might get lost without your help
Been going high, going nowhere
As far as I know
Still it's me to trick myself
To trick myself
To trick myself
To trick myself again

No flowers, please
No flowers, please

Think I was somebody else
No flowers, please
I think I've always tricked myself
I think I was somebody else
No flowers, please
I think I've always tricked myself
