

## One More Day

Slut

One more day within your shelter  
Just one more day and I'll get cold  
One more second and I'll break up  
With what I hold

So cruel  
It's so cruel  
So cruel  
But nothing ever  
Nothing ever moves

One more day and it was over  
One of these days and I would pass  
Just one more day and I could vanish  
From here at last

So cruel  
It's so cruel  
So cruel

So cruel  
It's so cruel  
It's so cruel  
It's so cruel  
Nothing ever really seems to move
