

## Reminder

Slut

Then we're off  
We're away  
Just to find her  
And then  
I'm a cop  
A police  
A reminder  
And then  
It's a play  
Our play

She's been off  
Long ago  
But I'll find her  
And then  
I'll be back  
I will teach  
And rewind her  
And then  
It's a play  
Our play

Found herself a room to hide  
But got herself indentified  
By someone who was walking by  
The pictures in the news today  
They made her come back home and stay  
And end up with this endless play
