

Wait

Slut

Sit down here
(You're a friend)
I'm waiting for the end
It's hard to realize you
'Cause I have to paralyze myself
There's a monster inside of me

I'll wait

It even hurts to speak
I'm entirely out of reach
The pain gets in my head
My hand's already dead and cold
There's a monster inside of me

I'll wait
