

## Wait

Slut

Sit down here  
(You're a friend)  
I'm waiting for the end  
It's hard to realize you  
'Cause I have to paralyze myself  
There's a monster inside of me

I'll wait

It even hurts to speak  
I'm entirely out of reach  
The pain gets in my head  
My hand's already dead and cold  
There's a monster inside of me

I'll wait
