

Brave And Strong

Sly & The Family Stone

Frightened faces hit the wall
Oh, can you hear your mama call?
"Brave and strong, survive"
Oh yeah

When you walk
Know where you're walking
When you talk
Ahhhh

Brave and strong survive
Survive
Out and down
Ain't got a friend
You don't know who turned you in

Well, well, well
The brave and strong, survive
Brave and strong, survive

Before me was a cowboy star
Indians, and there you are

The brave and the strong, survive
Aaahhh yeah!
The brave and strong, survive
Brave and strong, survive

Oh oh, hey yeah!
Well, well, well
The brave and strong, survive
The brave and strong, survive
Yeah, survive
