

# I Ain't Got Nobody (For Real)

Sly & The Family Stone

I ain't got nobody  
Lookin' out for me  
I ain't got nobody  
I am afraid

Look around from time to time  
If you see me lookin' don't pay me no mind  
Let me tell you what I'm tryin to find  
A girl who's for real all the time  
She don't have to wear a wig  
She don't have to be too big  
In any given community as long as she loves me

I ain't got nobody  
I ain't got nobody  
I ain't got nobody  
I ain't got nobody

For real  
For real  
For real

I ain't got nobody  
Lookin' out for me  
I ain't got nobody  
Anybody can see

All I want is a downhome girl  
I'll find her if she's in this world  
For real is all she has to be  
Reality is all she has to see  
Love is all she has to give  
Life is all she has to live  
If I could have all of this  
I'd let her have my every kiss

I ain't got nobody  
I ain't got nobody  
I ain't got nobody  
I ain't got nobody

For real

I ain't got nobody  
Lookin' out for me  
I ain't got, ain't got nobody  
I am afraid

Look around from time to time  
If you see me lookin' don't pay me no mind  
Let me tell you what I'm tryin to find  
A girl who's for real all the time  
She don't have to wear a wig  
She don't have to be too big  
In any given community as long as she loves me

I ain't got nobody

I ain't got nobody  
I ain't got nobody  
I ain't got nobody
