

# I Hate To Love Her

Sly & The Family Stone

It's about my heart  
Kind of shaky inside  
It's about my tears  
I can't even hide

No, no, no

It's about my future  
That I can't focus in  
It's all about my past  
And the times that I spent with her

I hate to love her  
It's no fun  
I would leave her  
If I could

She doesn't love me  
She can't even fake it  
She won't respect me  
If I stay I won't live another day  
No, no, no

It's all about my baby  
It's all about my  
Why won't she be honest  
And leave me behind to get over her

I hate to love her  
I must hate myself  
I hate to love her  
It's bad for my health
